**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 24-28 are allowed.
2. The following is an examiner's statement of reasons for allowance: Applicant has canceled claims 1-23 leaving pending claims 24-28, which were allowed in the previous office action.
3. As noted in the previous office action, the prior art of record neither shows or suggests a multicolor display apparatus comprising, in addition to other limitations of the claim, a nanocrystal array forming an array of pixels, wherein the array of pixels comprises a first discrete pixel comprising first nanocrystal particles of a first size and a second discrete pixel comprising second nanocrystal particles of a second size. Due to their dependency upon independent claim 24, claims 25-28 are also allowable.
4. The subject nanocrystal array is provided for simplifying the fabrication of the display, improving the compatibility with high resolution displays, achieving high extinction coefficients with thin films, and eliminating self-absorption. The design is new and unique to the art.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
